KD Max V6 to KD Max V10

UPGRADE

STEP 1

### Download the Key1 Application

Click on the download button below.

Download Key1 Application

NOTE: Some computers might flag this as suspicious, please ignore or contact support for assistance.

STEP 2

### Insert your KD Max Dongle into your PC

Once the KD Max dongle has been recognised by your computer, we can move onto the next step.
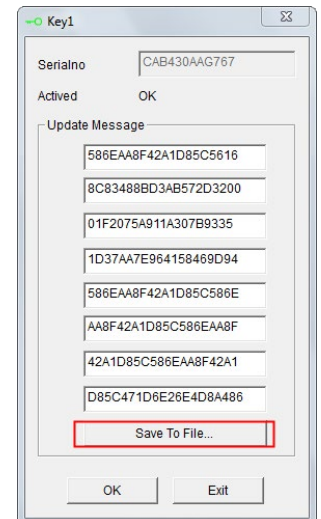

STEP 3

Unzip the downloaded file and open 'key1.exe'

Now right click the **key1.exe** file and select '**Run As Administrator**'.

Once this has been clicked, a dialogue box (eg below) will appear with your keylock information.

Click **Save To File** to continue.

STEP 4

Name the '.txt' file the same as your KD Max Dongle number

Name the **.txt** file your KD Max **keylock serial number** in the previous step. This is also specified on your keylock as **CAB001**...

Click '**Save**' and send the **.txt** file via email to **support@cabinetsbycomputer.com** with your **name** and **business name** in the **subject line**.

STEP 5

We will contact you to arrange installation of V10

Once we receive your file, we will then do our magic and be in touch within the next 10-15 business days to organise a time to install the updated file on to your PC.

Email us your file
